

## FOR USE IN PRE-QUALIFYING COMMUNICATION WITH PLAYERS

*In Sectional Qualifying as well as in the Championship proper, the player's clubs must conform to the groove and punch mark specifications in the Rules of Golf effective from January 1, 2010. The Condition of Competition is available for review on the entry application.*

*The USGA and The R&A have created a reference resource called the Informational Club Database to assist golfers in determining whether their irons, wedges, hybrids and fairway woods comply with the Rules of Golf effective from January 1, 2010 and are permissible for play under the groove condition of competition, which is in effect for all USGA Amateur Championships. For information about and to access the database, please use the following link: <http://www.usga.org/InfoClubsDB/intro.html>. Additionally, for other information regarding the groove condition, please use the following link: <http://www.usga.org/grooves/>. Finally, for information regarding the conformance status of clubs not listed or for any other questions regarding the condition, please contact the USGA Research and Test Center at (908) 234-2300.*

*Player Club Testing is available for all USGA Amateur Championships. Please use the following link: <http://www.usga.org/equipment/testing/InviteForOpenClubTesting/> for more information.*

*The USGA strongly suggests that all players verify the conformance of their clubs well in advance of their scheduled qualifying competition. It is the player's responsibility, not the USGA's responsibility to ensure that his clubs conform. Waiting until the day of the competition is the fault of the player. The Committee is under no obligation to test the club the competitor may play. However, if it is later determined that the club is non-conforming, including after the competition has closed, the player will be disqualified.*
